LET'S ALL KEEP OUR BUSINESSES ON TRACK!

We've been in the printing business now for 22 years! Over that 22 years it has been a continual learning experience. Who has the better press out on the market? What programs do we need to update to? Where can we go for the best stock at the most competitive price? How do we operate more efficiently? How is the current market going to affect us this time? The list goes on!

Probably most of us in business for ourselves are asking all these questions and more. Things are tougher in the economy right now but, "this too shall pass"! We've decided to try and use this time to expand our horizons by networking with more groups and meeting more people, even using web networking sites. Anything to get Sunrise Designs Printing of AZ's name out there everywhere we can. We've now added four color printing and are offering it at competitive prices. We're adding more programs, and continuing to offer special touches, like free pick up and delivery. We still come to you to talk about your printing needs to save you time and money.

Hopefully we can all get through this slower economy by expanding how we think about marketing or coming up with a fresh approach. Anyone interested, you are welcome to join our free online networking group at www.linkedin.com/pub/6/917/279. It's a way to link businesses together for more referrals. The more people we invite to link to our page, the more exposure we get. We'd be very interested in any ideas you might like to share. We'll put as many as we can in our April 15th Newsletter.
